

## **Allied Health Verifications**

If you are applying for a license in another state and need a verification of your Idaho license or permit, you need to do the following:

- Send the form provided by the state board (with your name and license/permit number on it) to the Board of Medicine. If a form is not provided, a written request with the address the verification is to be sent will suffice.
- If the jurisdiction accepts faxed verifications, please note that on you request and include the fax number. License searches can also be done online.
- A fee of \$20.00 (plus sales tax) is required with your request. Verifications are mailed within 1-3 days from the date they are received. **Official verifications can also be purchased online using a credit card.**
